MAY 13 2004

COMPTROLLER'S MEMORANDUM NO. 2004-17

TO: Heads of Departments (except Judiciary)

SUBJECT: Late Vendor Payment Information

Attached are the results of our analysis of late payment transactions. Overall the State's composite average decreased from 13.08% for Fiscal Year 2003 to 11.02% for March 04 Fiscal Year 2004 year-to-date. Between January and March 2004, the monthly average decreased from 12.67% to 8.70%.

Of the 20 departments/agencies covered by our review, 12 had percentages over 5% in January, and this dropped to eight (8) in March. Congratulations on the progress you've made. Please continue your efforts to promptly pay for goods, services, and construction that our contractors and suppliers provide. Although we have improved considerably, we have late payment percentages that are still unacceptable.

As a reminder, the following are the goals to be met by the end of December 2004.

Statewide average composite rate:	5%
Departments averaging up to 1000 transactions per month	0 to 2%
Department averaging more than 1000 transactions per month.	3 to 5%

I just commissioned an interdepartmental committee I've named AARC (Accounting and Auditing Review Committee) that will be charged with determining acceptable performance levels for late payments and other accounting and auditing issues. AARC will be headed by Kathi Thomason who will also serve as a resource for help in achieving desired improvements. Details will be provided as AARC boots itself into operation.

Meanwhile, please call Wayne Horie at 586-0600 or email him at (wayne.m.horie@hawaii.gov) for details on your late payment transactions.

A handwritten signature in black ink, appearing to read "Russ K. Saito".

RUSS K. SAITO
State Comptroller
